Gujarat School Safety Programme- is one of the *flagship* programme of GSDMA aimed at inculcating a culture of safety in school children. GSDMA has organized Gujarat School Safety Week-2018 from 25th June – 29th June 2018 in around 44,323 schools. Gujarat State Disaster Management Authority (GSDMA) organizes School Safety Week to prepare, educate and build a culture of Risk mitigation among school children in Gujarat. During this week awareness generation for school disaster management plan, do's and don'ts for hazards (earthquake, cyclones, floods, fire), identification of non-structural hazards, techniques of search & rescue and first-aid & fire-fighting will be conducted in the schools through group activities like games, lectures, competitions and mock drills.

As part of capacity building in Schools under the continuous development of school children through awareness generation, it is planned to extend the activities of School Safety Program-2018 in private Schools also. The phase II of Gujarat School Safety Program-2018 targeting the private schools of Gujarat would help in nurturing the much needed concept of safety among school community and also brings them in the mainstream of School Safety Program. Around 9753 schools which are not aided by the GoG have been identified for the PHASE-II of the program.

In this regard, kindly extend your support in organizing the PHASE-II of the Gujarat School Safety Program-2018 in 9753 schools. A plan of action is enclosed herewith for reference.
